## Interactive Schedule <sup>?</sup>

To obtain your schedule, simply insert (type ahead) your start location, end location and the required time range. By default, the transport is preset to apply from / to carrier's corresponding container terminal or ramp. Alternatively, you may select 'Received at your door' and insert your desired location / inland point. If required, up to two via locations can be specified in addition. For a map-illustration of our service routes, you may also use our [Interactive Service Finder](#).

The displayed results show a selection of our sailing options, based on the search criteria. In case a specific anticipated sailing is not displayed, kindly contact your local Customer Service Booking representative for verification. **Further schedule options** can easily be obtained with our [Schedule Fax/Email Request](#) which supports instant despatch of your defined service report directly to your email address as noted in your [User Account](#).

Your preferred sailing might not be shown on our website due to an ongoing **Phase In/Phase Out Program on the North Europe to South America West Coast/Central America Trade**. In such a case please contact your booking office and we will find a solution fitting your needs.
