

## **On lifting a container with a larger load (OOG)**

Dear Valued Customers,

We would like to inform of all customers that depending on the capacity of the port. Currently, for containers with larger cargo (OOG: L x W x H), the port can transfer goods under the following conditions:

1/ in term of goods with Over Width and Over Height, vertical walls on both sides (End wall up)

- Maximum width (Over Width) = 1 m (both sides)
- Maximum Height (Over Height) = 2.2 m

2/ In term of cargo over the container and horizontal double wall (End wall down)

- Maximum length (length) = 13 m

3/ Total lifting capacity of both container empty and laden is 30.5 tons

If you should require additional information, please contact our customer service team at your [location](#), who will guide you based on your individual situation.
