China Import – Empty Container Drop-off

Hapag-Lloyd

5th January, 2022

Dear Valued Customer,

Effective, 1st April 2022, we will implement a Manual Processing Fee Destination (MPD) of **CNY 300** per container for nomination of container depot where you need to return empty container for our import shipments.

The MPD fee will be applicable if empty container is returned to a nominated depot instead of the originally assigned container depot. It is also important to note that in some cases, the nominated depot may reject acceptance of the container. Thus, you are encouraged to return the empty container to our assigned container depot.

We appreciate your continuous support to Hapag-Lloyd. Please do not hesitate to reach out to your respective Hapag-Lloyd offices for more information or email us at China@service.hlog.com for more detailed information.

Kind regards,

Hapag-Lloyd (China) Limited

As agent of Hapag-Lloyd AG
