

Change of Destination Procedures

Change of Destination (COD) is subject to receiving new COD request from the shipper in due time respectively according to local booking / documentation closing dates/times.

It is a mandatory requirement to supply a separated COD request to booking team with the new POD. Updated booking confirmation to be sent stating the new POD.

COD will not be performed without all above-mentioned requirements. COD will not be performed in case of updating POD in eaSI form only. Updating POD in eaSI form will not affect the cargo original routing.

In all instances, it remains the shipper's responsibility to provide new COD request via the appropriate means.

New rates to be requested from your Sales person to cover vessel departure and new destination.
