

Secure Container Release

The PIN-free container release application, easy & secure.

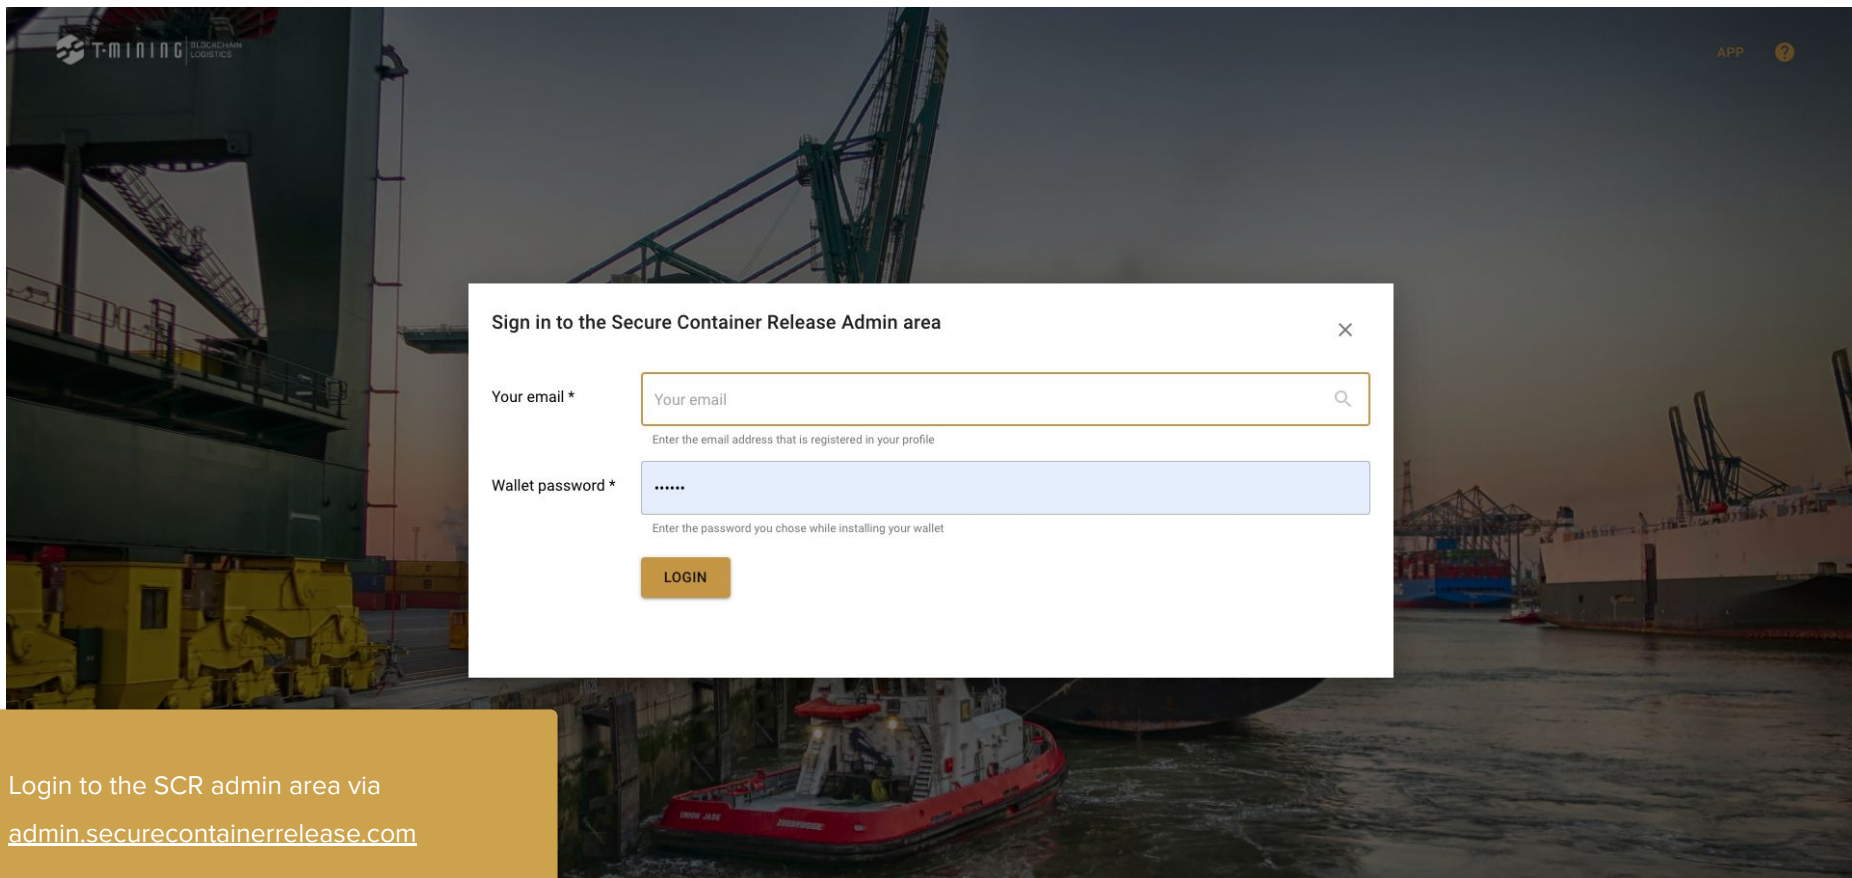

Getting Started with the SCR Admin area
admin.securecontainerrelease.com

Content

Here, we explain you the most important functionalities of the SCR Admin area.

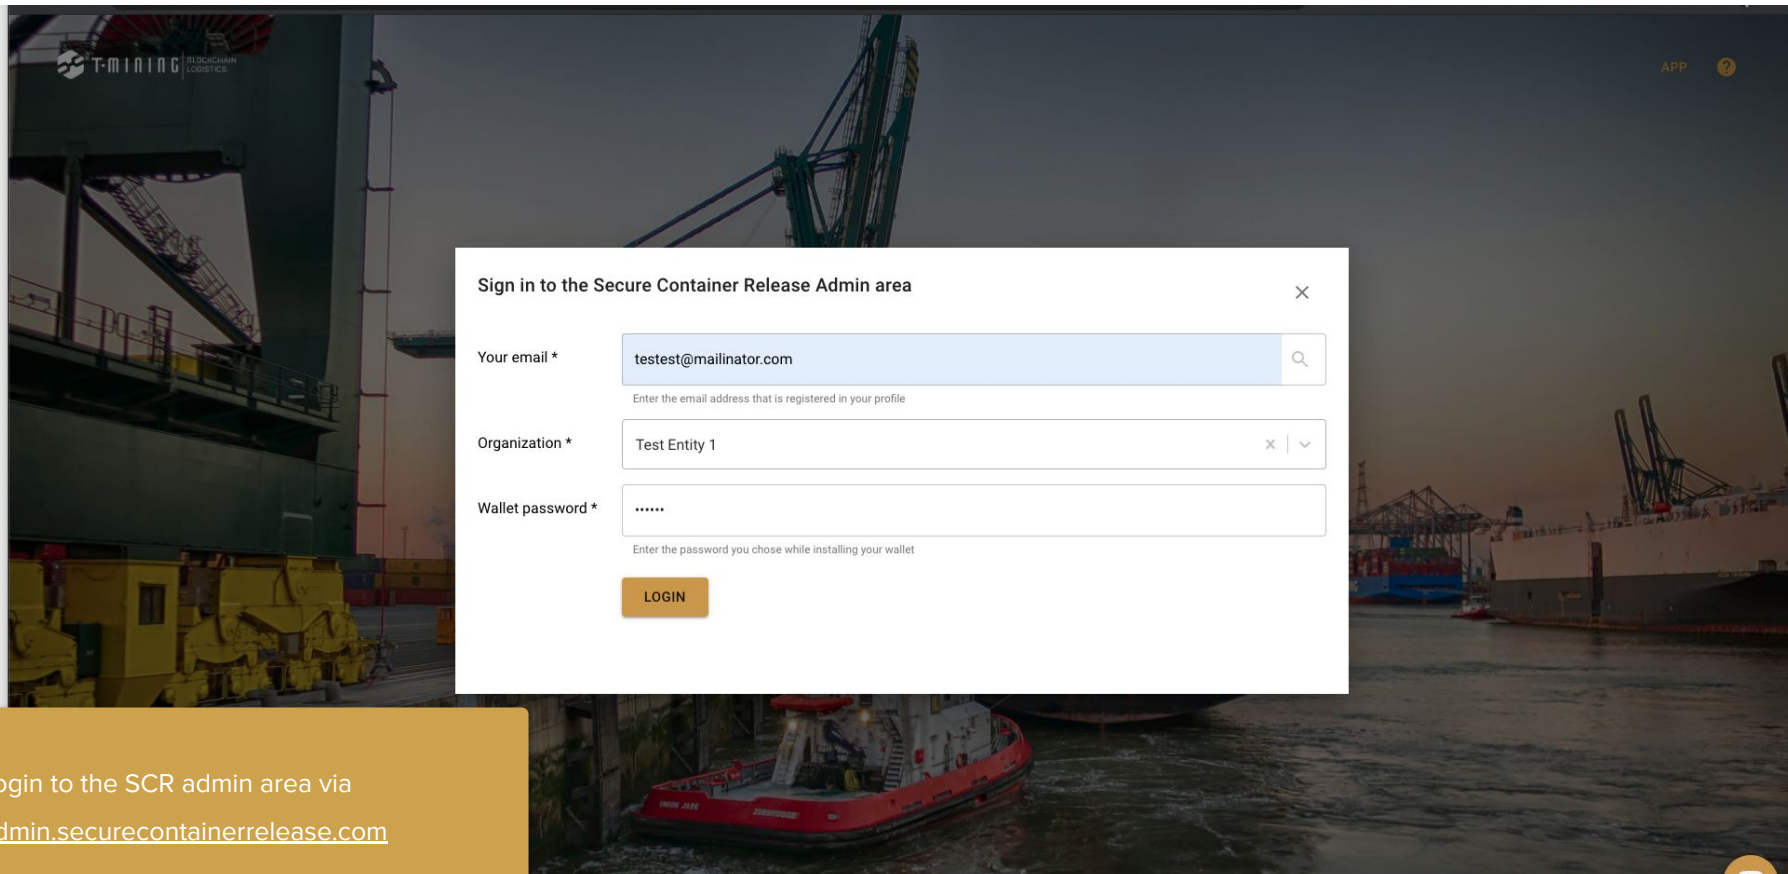

1. How to login
2. How to select your organisation
3. How to manage your organization details
4. How to manage & add users
5. How to reset a password
6. <NEW> How to manage & add connections
7. How to find help & support

1 - How to login

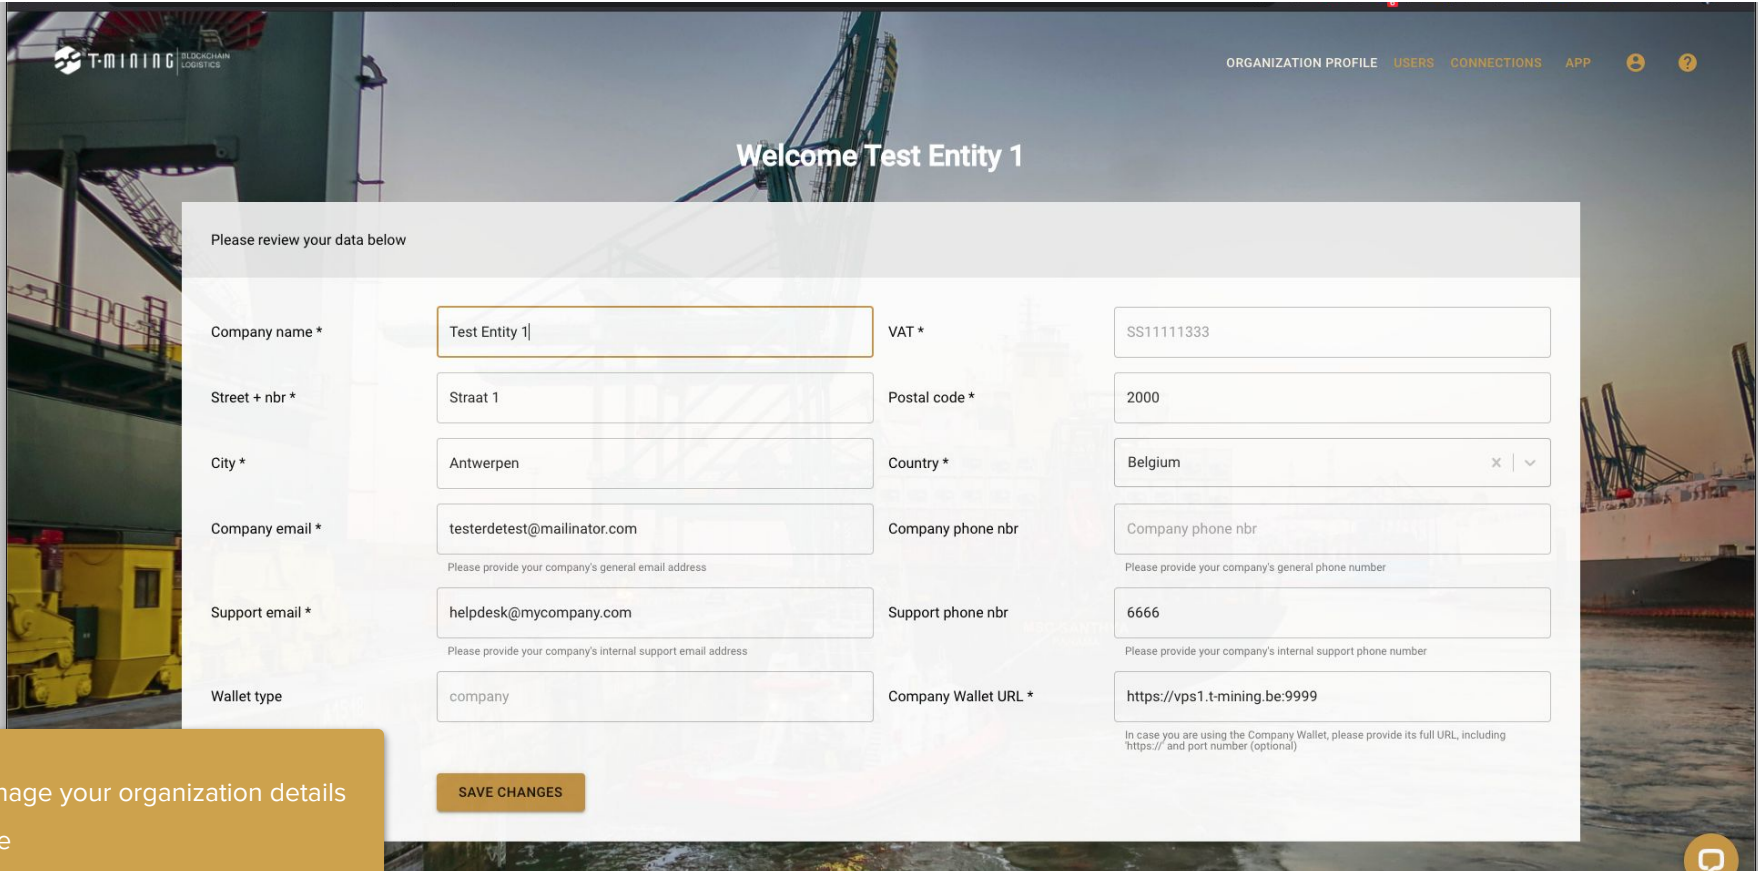

Login to the SCR admin area via
admin.securecontainerrelease.com

2 - Select your organization

Login to the SCR admin area via
admin.securecontainerrelease.com

3 - Manage your organization details

Manage your organization details here

4 - Manage your users

The screenshot shows a user management interface. At the top right, there are navigation links: ORGANIZATION PROFILE, USERS, CONNECTIONS, and APP. A 'Welcome Test Entity 1' message is displayed. A 'Please review your users' dialog is open, showing a table of users and an 'Edit user filip' modal. The modal contains fields for First name (filip), Last name (heremans), Email (filip@t-mining.be), and Phone (Phone). There are also 'Admin?' and 'Active?' toggle switches. A 'SAVE CHANGES' button is highlighted. A callout bubble says 'Go to Tab Users' pointing to the USERS link. Another callout bubble says 'Add new user' pointing to a plus icon. A third callout bubble says 'Edit existing user' pointing to the 'Edit user filip' modal. A large orange box at the bottom left contains the text 'Manage existing users or add new users here.' The background table shows a list of users with columns for Type, Last name, and Updated.

Go to Tab Users

Add new user

Edit existing user

Manage existing users or add new users here.

5 - Resetting passwords

The screenshot shows a user management interface for 'T-MINING'. A modal window titled 'Edit user Filip' is open, displaying a form to reset the password for the user 'Filip Heremans'. The form includes fields for 'First name *' (Filip), 'Last name *' (Heremans), 'Email *' (filip.heremans2@t-mining.be), 'Phone', 'Admin ?' (toggle), 'Active ?' (toggle), 'Reset password', and 'Re-enter password'. A 'SAVE CHANGES' button is highlighted in orange. A callout bubble points to the 'Admin ?' toggle with the text 'Admin user?'. In the background, a table lists users with columns for 'Type', 'Last name', and 'Updated'.

User-passwords can be reset here.

IMPORTANT: Admin-passwords can not be reset, contact support@securecontainerrelease.com for support.

6 - Managing your connections

To be able to **transfer** your pickup rights to another entity, you first need to establish a **connection**.

To create a connection, **4 steps** are required:

Step 1: You (the inviter) clicks on “+” in the upper right corner to create & **send** a new connection;

Step 2: The other entity (the invitee) needs to **accept** your connection request;

Step 3: You can now **confirm** this request.

Step 4: The other entity can now **finalize** your request

Step 3 & 4 will update & encrypt your connections in your wallet, so that your **commercial privacy** is guaranteed. So all information about who you work for and with and do business with, is only visible for your organisation and the invitee. No one else can access or see this data!

Please accept or decline your incoming connection requests

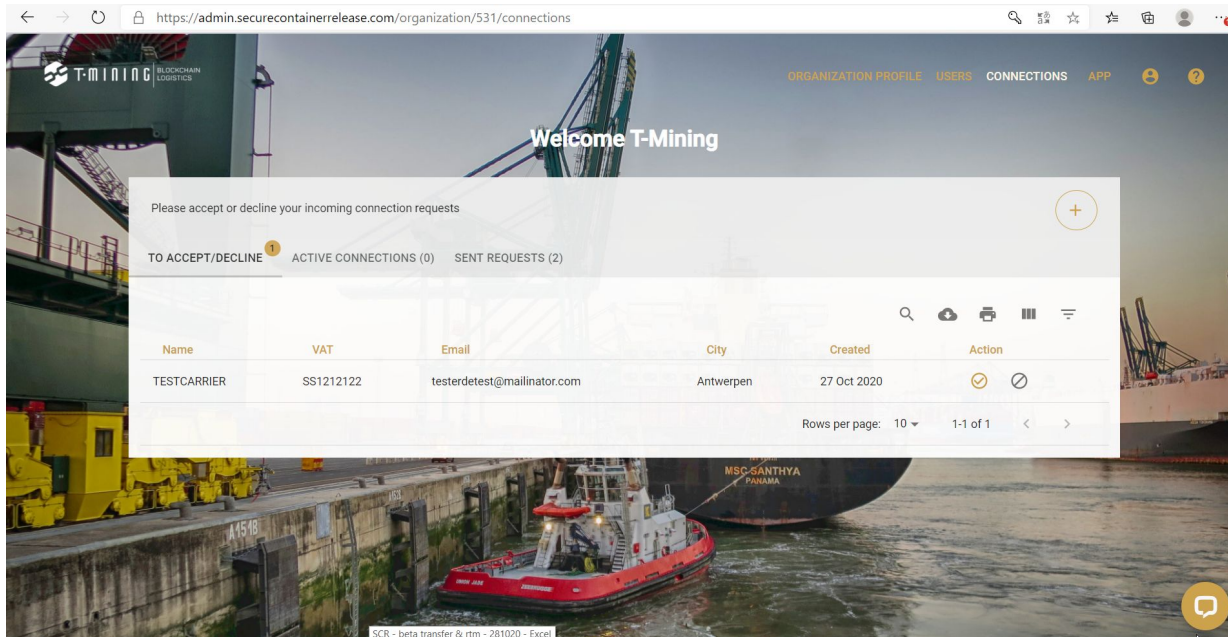

TO ACCEPT/DECLINE ACTIVE CONNECTIONS (1) SENT REQUESTS (1)

Create a new connection

Name	VAT	Email	City	Created	Action
Connection status					
	Step 1/4		You sent a connection request to Test Entity 1.	Request sent: 22 Sep 2020 15:21	
	Step 2/4		Test Entity 1 accepted the request.	Request accepted: 22 Sep 2020 15:18	
	Step 3/4		You confirmed the request.	Request confirmed: 22 Sep 2020 15:18	
	Step 4/4		Test Entity 1 finalized the request.	Request finalized: 22 Sep 2020 15:20

SCR - beta transfer & rtm - 281020 - Excel

To be able to **transfer** your pickup rights to another entity, you first need to establish a **connection**. These connections are private. Only your organisation can see them. Click on the “+” button to create a new connection.

6 - Managing your connections - create a new connection

ORGANIZATION PROFILE USERS CONNECTIONS APP

Please accept or decline your incoming connection requests

TO ACCEPT/DECLINE ACTIVE C

Connect with another organization

VAT *

Organization not registered yet. Please fill in the other required fields and an invitation to register will be sent to the organization.

Company name * Company email *

Message

You can add a message to the invitation we will send out. This is optional.

In case the organization is new to the platform
an invite email is sent to the new organisation to start the onboarding to SCR.

In case the organization is known to the platform
an email is sent to the admin to accept your connection request.

Provide the VAT number of the organisation you want to connect.

6 - Managing your connections

T-MINING | BLOCKCHAIN LOGISTICS

ORGANIZATION PROFILE | USERS | CONNECTIONS | APP

Welcome T-Mining

Please accept or decline your incoming connection requests

TO ACCEPT/DECLINE (1) ACTIVE CONNECTIONS (0) SENT REQUESTS (2)

Name	VAT	Email	City	Created	Action

3 a list of your outgoing connection requests

6 - Find help & support

The screenshot displays the T-Mining user interface. At the top left is the T-Mining logo with the tagline 'BLDGCHAIN LOGISTICS'. The main header area says 'Welcome Test Entity 1'. On the right, there is a navigation menu with '1' next to 'CONNECTIONS' and 'APP', and a user profile dropdown menu with '2' next to it. The dropdown menu contains the email 'testest@mailinator.com', a link to 'Organization profile', and a 'Logout' button. Below the header is a form titled 'Please review your data below'. The form contains several input fields with the following values: Company name * (Test Entity 1), VAT * (SS11111333), Street + nbr * (Straat 1), Postal code * (2000), City * (Antwerpen), Country * (Belgium), Company email * (testertest@mailinator.com), Company phone nbr (empty), Support phone nbr (6666), and Company Wallet URL * (https://vps1.t-mining.be:9999). A chat window titled 'Welcome to T-Mining Chat' is open in the bottom right corner, with '3' next to it. The chat window shows a message: 'One of our representatives will be with you shortly. You are number 2 in the queue. Your wait time will be approximately 6 minute(s). Thank you for your patience.' Below the message are fields for Name (Test) and E-mail (testest@mailinator.com).

Support is available through:

1. Your internal support desk or support user
2. The support pages
3. The chat
4. Email: support@securecontainerrelease.com
5. Phone: 078 31 29 00 (for Belgium)
or +32 3 376 09 69 (outside Belgium)
